

Bianco IGT Verona

TYPE OF WINE

Still white wine

MAIN GRAPES

White grape varieties suitable for cultivation in the Province of Verona

PRODUCTION AREA

Grapes coming from the DOC area, located in the territory of the Province of Verona, which covers the entire foothills, from Lake Garda in the west to the province of Vicenza in the east.

SOILS

Area characterized by a mild and not too rainy climate similar to the Mediterranean one, good exposures, morainic soils and in places volcanic, with alluvial formation in the valleys, suitable for the cultivation of vines.

HARVEST

Depending on the seasonal climate variation and grape variety, between end of August and beginning of September.

VINIFICATION

Soft pressing of the grapes and fermentation at low controlled temperature in stainless steel tanks. Wine rests and refines in steel tanks for a brief period of time before bottling.

COLOUR

Straw yellow with greenish hints

BOUQUET

Pleasantly fresh with fruity notes of green apple and floral jasmine, a light almond finish.

TASTE

Well balanced, medium bodied, characterised by a pleasant softness, it leaves a velvety sensation and a delicate freshness in the mouth.

FOOD PAIRING

Excellent as an aperitif, a wine for the whole meal. Ideal with appetizers, first courses with farmyard sauces, grilled white meats, shellfish and fish in general, fresh and medium-aged cheeses.

SERVING SUGGESTION
