Sparkling white wine BRUT millesimato

### MAIN GRAPES

White grapes suitable for the production of sparkling wine, of a single vintage

### HARVEST

Depending on the vintage harvest takes place between the end of August and beginning of September in order to ensure the right grape maturity and a good acid content

### Vinification

Soft pressing of the grapes and fermentation in stainless steel tanks at controlled temperature in order to maintain the natural aromas of the grapes and obtain a basic wine rich in acids and perfumes.
